

**CIVIL CONSTRUCTION** Capability Statement

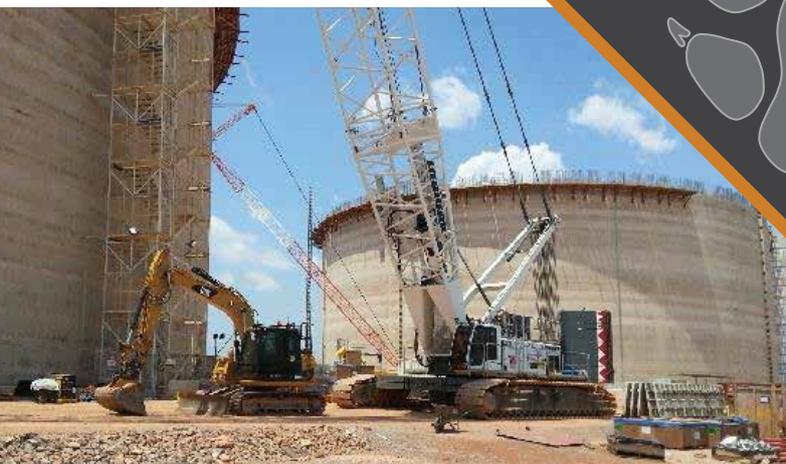

# About Us

Black Cat Civil has been operating in the civil, mining and construction industries since 2006, and has a growing list of projects completed as preferred suppliers with clients nationally.

Originally founded as Black Cat Queensland by Brendan Flynn and Jai Tomlinson, our company has grown to become a leading civil construction plant hire company with an outstanding reputation for delivering safe, cost effective and reliable project outcomes within the civil and mining industries.

Black Cat Civil is 100% committed to safety and continually strive for zero harm to our people, equipment, and the environment, and will comply with all onsite health & safety regulations.

# CIVIL CONSTRUCTION

## Our Services (Civil Construction)

Black Cat Civil provides services for clients operating in local government, civil construction, mining, rail and land development nationally.

 Our experienced staff of engineers, project managers, supervisors, OH&S and environmental advisors, skilled certified operators and service technicians are capable of any sized infrastructure projects in civil works, earthmoving, road construction and land development.

 Our machines are fully equipped with the latest Trimble GCS900, UTS and GPS laser systems and each grader has the option of a supporting SPS730 Robotic Total Station, rover and all the associated equipment.

 Recently completed civil projects include:

**Client:** Laing O'Rourke  
**Project:** INPEX LNG Darwin  
**Value:** \$700k+  
**Details:** Civil earthworks and CMC piles. Stabilisation of materials for base foundations of Butane holding tanks

**Client:** Menard Bachy  
**Project:** Ichthys LNG Project  
**Value:** \$600k+  
**Details:** Civil earthworks and CMC piles. Stabilisation of materials for base foundations of Butane holding tanks

**Client:** DGA Rail  
**Project:** RBS Tower Pads  
**Value:** \$2.2 million  
**Details:** Construction of signal pads for telecommunications over the 300km rail line linking into Roy Hill Mine site WA

We recognise that the continued growth and success of our company has been based on developing close, long term relationships with our clients, providing best value solutions and delivering ongoing support and maintenance.
